**SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT**  
**(37 CFR §1.97)**

Dear Sir:

Pursuant to the duty of disclosure set forth at 37 CFR §1.56 and the requirements for filing an Information Disclosure Statement set forth at 37 CFR §§1.97-1.98, enclosed is Form PTO/SB/08a (hereinafter "the Form") with a list of all items being submitted for consideration by the Office. A legible copy of each item listed in the Form that is not a U.S. patent or a published U.S. patent application, and not identified as being cumulative, is enclosed.

The JP 2002-59948 reference is written in Japanese. A copy of the English-language translation of the abstract is enclosed and identified in the Form. The relevance of the reference, as it is presently understood, is: (a) set forth in the English language Abstract and (b) in describing an over moulded cap in which a foil is embedded into a valve wall, which requires the foil to be placed in the mould that forms the cap.

The DE 100 40 048 A1 reference is written in German and was previously disclosed to the Office. A copy of the English-language translation of the abstract is enclosed and identified in the Form. The relevance of the reference, as it is presently understood, is set forth in the English language Abstract.

The FR 2 828 172 reference is written in French and was previously disclosed to the Office. A copy of the English-language translation of the abstract is enclosed and identified in

the Form. The relevance of the reference, as it is presently understood, is set forth in the English language Abstract.

The FR 2 837 173 reference is written in French and was previously disclosed to the Office. A copy of the English-language translation of the abstract is enclosed and identified in the Form. The relevance of the reference, as it is presently understood, is set forth in the English language Abstract.

The FR 2 705 646 reference is written in French and was previously disclosed to the Office. A copy of the English-language translation of the abstract is enclosed and identified in the Form. The relevance of the reference, as it is presently understood, is set forth in the English language Abstract.

The disclosure of the documents identified on the Form is not to be construed as an admission that any of the documents, alone or in any combination, is considered to be material to patentability as defined in 37 CFR §1.56(b). Moreover, the disclosure of these documents is not to be construed as an admission that any of the documents are prior art as to the above-identified application.

Respectfully submitted,

HOLLAND & HART LLP
